

**learn how to make good notes early on - making future revision easier**

**Make sure to use your time wisely with not stressing yourself out too much but make time to do extra reading and revision**

**pester your teachers! if you have a question, ask them, if they need to mark an essay you wrote for revision, remind them about it !**

**just come to school!**

**make sure to have personal time, all work no play is boring**

**organise all subject and topic work/ revision so you don't lose it**

**listen to the teachers during the lesson**

**Have a laugh.**

**make sure all course work is up to date, keep to the schedule or you'll fall behind and have loads of work to catch up on**

**make revision notes after lessons**

**Set realistic expectations of yourself**

**don't skip lessons just to hang with friends its not worth it you'll miss loads of work**

**Make revision cards early on so you can go straight to revising them when you need to**

**stay motivated**

**missing one lesson sets you back a lot and you have to make the time to catch up**
