

CAREERS

ROAD MAP

A visual map of the key points of the careers programme at S6C in Years 12 and 13

TUTOR PROGRAMME

Students attend weekly sessions with their tutor. Some of these sessions have a careers focus. Students also have access to Unifrog, an online careers and destinations platform, which they can use to explore post-18 options with the support of their tutor.

1

1:1 CAREERS GUIDANCE

All students are entitled to careers guidance which can be requested at any time, especially when career choices are being made. Careers guidance is with a level 6 qualified careers adviser.

2

CAREERS IN THE CURRICULUM

Students will hear about careers related to the subjects they are studying. Students will have employer encounters through the curriculum.

3

WORK EXPERIENCE

All students are expected to complete at least 3 days work experience in Year 12. Students must arrange their own placement and log it on Unifrog.

4

APPRENTICESHIPS FAIR

Around National Apprenticeships Week all students will attend an apprenticeships fair and hear about apprenticeships from employers and training providers.

5

UNIVERSITY FAIR

All students will attend a UCAS Fair at a local university where they can speak to university representatives from across the country and ask questions about the courses they offer.

6

APPLICATIONS SUPPORT

Students will hear from employers and universities about what they look for in applications and recruitment processes as well as personal statements. Workshops include personal statement checking and mock interviews as well as student finance applications.

7

More information can be found on our website including contact details for our Careers Lead. Students can request a careers guidance meeting by messaging Rosie Roberts.
