

SALISBURY 6TH FORM COLLEGE

NEWSLETTER FOR OUR PARENTS/CARERS

PRINCIPAL'S MESSAGE:

S6C has been buzzing this week. World Book Day took centre stage on Thursday with Mrs Anderson bringing in some ancient texts and Mr Eno interviewing students and staff about their favourite books.

On Friday, we celebrated amazing women as part of our focus on International Women's Day. Students heard from a range of speakers including one of our staff, Vivien White (Maths Teacher) who is an Environmental Engineer and Yachtswoman. Vivien was part of Chay Blyth's team that took part in a round the world yacht race. She was the only female skipper in the race. The students were inspired by her story.

Coronavirus Update

As per the letter from the Magna Learning Partnership last week, please ensure that you check their website for any updates relating to the Coronavirus and implications for all schools and academies within the trust.

Life Skills Sessions

This week Life Skills sessions are celebrating International Women's Day with a range of activities and reflections including asking all students to identify female role models, applying the famous Bechdel Test to their favourite films and TV, and considering how we can all pledge to support equality in our college, community, country and world.

NEWSLETTER: 9
6th March 2020

Technogition Week

It is also Technogition week, where we recognise the work done by technicians - and on that note we would like to thank Lisa Rodway our Science Technician for all her vital support for our scientists.

Digital Media

This week we had a very successful Digital Media external moderation of student work, which saw 20 Distinctions awarded to Year 12 students.

UPCOMING DATES

- 11th March - S6C Sport Students are organising a 'Park Run' in aid of Sport Relief.
If you'd like to join in, please contact one of our Sports Teachers
