

S6C Application and courses update

We are delighted by the increased interest in our courses for September 2021 and want to provide some updates for students to support your preparations.

Application deadline

We have had a large increase in applications over the christmas break. Our current deadline for applications is 31st January, but we understand with the current lockdown measures that many students have not had the opportunity to be able to have academic conversations with their teachers to receive the guidance they need to choose the subjects they want to study in September.

We are therefore extending our Application deadline to **Sunday 21st February**.

Students that have completed applications still have the opportunity to review their course choices in the [application software](#) or can receive guidance from admissions@salisbury6c.ac.uk

We have a wide range of courses available including exciting new Level 2 and 3 courses for September and these can be viewed here. [S6C Curriculum Courses](#).

Preparing for your interview

Whether applying to S6C or another college, you will be contacted in the coming weeks or months to complete an interview either by an online meeting or phone call. The focus of the interview will be to find out more about you as a person, your skills, your academic interests and to ensure the course choices you are making are appropriate and well thought through.

To support your preparation for your sixth form interview we have produced a short video to guide you in those preparations.

[Video - Preparing for your Sixth form interview, advice from Rosie Roberts, S6C](#)

Not had the chance to visit the college or see our facilities? Check out our promo video that can be found on the [home page of our website](#) or on [YouTube](#).
